Statement

Chairman Michael G. Oxley
Committee on Financial Services

Unger Resignation

I commend Laura Unger for her distinguished service on the Securities and Exchange Commission. She helped keep our securities markets strong in many ways and ably served as the Commission's acting chair this year, before Chairman Harvey Pitt was confirmed. Ms. Unger has long been a leader in the fight to reduce the excess fees charged to investors, and her progressive work on technology in the securities markets is also noteworthy. Ms. Unger offered insightful testimony during several appearances before the Financial Services Committee, and I wish her the best in all future endeavors.
